Kaal Sarp Dosh

Kaal Sarp Yog or Kaal Sarp Dosh is a condition in one's horoscope which can bring extreme difficulty and can have malefic effects. According to Hindu Astrology, if in one's Kundali, all the seven major planets i.e. Sun, Moon, Mercury, Venus, Jupiter, Saturn and Mars are enclosed with and placed between Rahu and Ketu, then Kaal Sarp Yog is formed and the particular individual is said to be suffering from Kaal Sarp Dosh. In other words, in this Dosh, Rahu is considered to be the serpent's head and Ketu is the serpent's tail between which all the prime planets are placed.

The presence of this malefic aspect in one's Kundli can prove to be extremely harmful. It can have some really devastating effects on any domain of one's life such as love, money, career, family, marriage and profession depending upon the position of Rahu and Ketu in the natal chart. More or less, every aspect of an individual having this dosha in their horoscope is adversely affected. Even if a person has good and favorable planetary positions in their horoscope, Kaal Sarp Yog nullifies their positive effect.

Some also have a partial Kaal Sarp Yog in their horoscope. A full Kaal Sarp Dosh is when all the seven planets are on one side of the axis of Rahu and Ketu. Even if one planet is on the other side, then such type of astrological condition is known as partial Kaal Sarp Yog. It also has some malefic effects but not as intense as full Kaal Sarp Yog.

However, it is not necessary that every person who has Kaal Sarp Yog in their Kundli is unlucky. Its effect varies from person to person and depends largely on the presence of different Yogas present in one's horoscope. For example, if an individual has Raj Yog in their Kundli, then the malefic effects of this dosh are minimized to a great extent. It is highly important to know about one's Kaal Sarp Yog in detail and also the effects it will bring in your life. Find out whether you have this Dosh in your Kundali and how its presence can affect your life.

Mangal Dosha

Saturn, Mars, Rahu, Ketu and Sun are considered as cruel planets in the Vedic Astrology. Afflicting the birth horoscope of a person, Mars is considered as the cruelest planet of all. Mars is the most damaging planet in the married life if it's placed unfavorably.

Are you a Manglik?

In a Kundali when Mars is positioned in the first, second, fourth, seventh, eighth or twelfth house, it causes Mangal Dosha. Mangal Dosha should be checked in the Moon chart and Venus chart along with Lagna chart. If none of the three charts are afflicted by Mars, a person is considered to be 'Non-Manglik'. 'Kuja Dosha' and 'Bhauma Dosha' are popular names given to Mangal Dosha. A person carrying Mangal Dosha is pronounced as 'Manglik'.

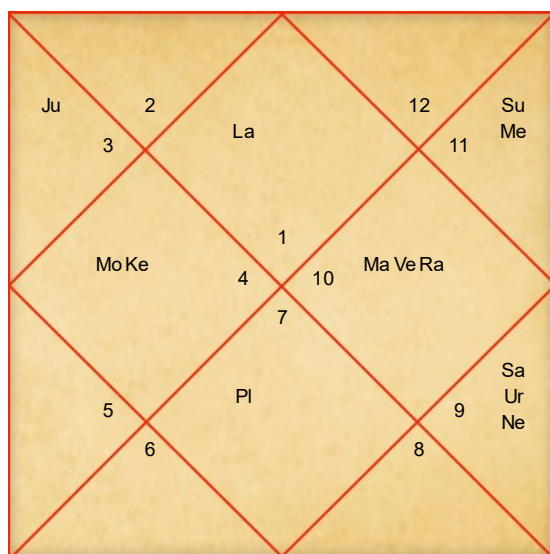

While evaluating Mangal Dosha, North Indian astrologers don't consider the second house. Whereas, South Indian astrologers don't consider the first house while evaluating Mangal Dosha in a birth horoscope.

However, while evaluating Mangal Dosha, there is a harmony that both the houses should be considered. While evaluating Mangal Dosha, mPanchang likes to consider the first as well as the second house.

Due to various combinations of Mars and other planets, many Kundalis are found carrying Mangal Dosha but in most of them Mangal Dosha gets cancelled after considering the house position of Mars and other planets in the birth chart.

In case, Mangal Dosha is found, then all the combinations which nullifies the Dosha, are kept into consideration. All the commonly and widely used rules are followed by mPanchang Mangal Dosha Calculator.

You have Medium (Kuja) Mangal Dosh in your Kundali

In Lagna Kundali

- **From Ascendant**
Mars is in the **10** house = No Mangal Dosha
- **From Moon**
Mars is in the **7** house = Mangal Dosha
- **From Venus**
Mars is in the **1** house = Mangal Dosha

How to Cancel Negative Effect of Mangli Dosha

- It is believed that when one Manglik person marries another Manglik individual, Manglik Dosha automatically cancels out leaving no side effects.
- Lord Hanuman should be worshiped daily by reciting Hanuman Chalisa. On Tuesday, a fast should be kept in his name and Hanuman Mandir(temple of Lord Hanuman) should be visited.
- By performing a 'Kumbh Vivah', the ill effects of Manglik Dosha can come to an end. In Kumbh Vivah, a Manglik person is supposed to marry a Banyan Tree or Banana Tree or God Vishnu's statue before performing the actual wedding.
- By performing special Pujas, chanting Mantras, wearing Gemstones and doing charities as prescribed by a Pandit(Priest) can certainly reduce the ill effects of Manglik Dosha.
- If health permits, blood should be donated once in every three months on a Tuesday.
- Also, birds should be fed with sweets and other similar items.
